Dear Respected Shareholders,

It is my honour and privilege to address you on behalf of the Board of Directors and the entire leadership team. We take this moment to reflect on yet another milestone year in our hospital’s journey. From its modest origins as a 250-bed facility 35 years ago, KMCH has grown into one of the nation’s premier healthcare institutions and distinguished by its proud addition of a medical college.

The year 2024-25 was a very good year for us. We have achieved a 12% growth compared to 2023-24. The profit margin was 15%. Our Board has recommended 100% dividend. Congratulations. Our Hospital is a 2000 bed hospital. We will add another 100 beds in the main campus. In addition we are planning a 300-400 bed hospital in Chennai. The OP block will be ready for operation by this year end.

We take pride in our commitment to clinical excellence and delivering exceptional patient care. Over the past year, our hospital has taken significant strides in strengthening clinical excellence, expanding capacity, and embracing innovation. With increasing expectations from patients and other stakeholders, we have invested in advanced medical technologies, digital health platforms, and continuous staff training to ensure we remain at the forefront of quality healthcare delivery.

We have also enhanced our focus on patient-centric care introducing more personalized treatment protocols, improving infrastructure for greater comfort, and expanding our outreach to rural and underserved areas. Our efforts towards NABH and maintaining of high quality standards in clinical care is to reaffirm our commitment to safety, ethics, and service excellence.

From a strategic perspective, we recognize that sustainable healthcare is no longer a choice, but a necessity. Accordingly, we are adopting green hospital practices, digital documentation, and efficient waste management systems. Our infrastructure planning now fully integrates energy efficiency and environmental responsibility.

This year has been one of exceptional accomplishments that have brought immense pride to KMCH. We were honoured with eight prestigious awards for excellence in healthcare, as the best hospital in emergency care, cardiology, oncology, gynaecology, neurology, urology, and ENT and our unwavering commitment to other specialities. The Association of Healthcare Providers conferred upon us the ‘Healthcare Excellence in Clinical Operations and Nursing Award for 2024.’ Furthermore, KMCH was once again ranked the number one multi-speciality hospital in Coimbatore by The Week magazine—further affirming our leadership in the region’s healthcare landscape.

Our kidney transplant program, long regarded as one of the finest in the country, was honoured with a special award of appreciation by the Transplant Authority of Tamil Nadu. This year also saw our Liver Transplant team receiving well-deserved recognition for their exceptional contributions. KMCH was proud to be conferred with the ‘Best Employer Brand Award 2025’ and was ranked Coimbatore’s number one hospital in oncology, paediatrics, gynaecology, gastroenterology, and haematology by the Times of India Critical Survey. Adding to these accolades, we were privileged to receive the prestigious Coimbatore Ambassador Award from the Chairman of TVS—an acknowledgment that reaffirms KMCH as the face of healthcare in Coimbatore.

KMCH has continued to make significant strides in medical technology. Our Cardiology Department installed a next-generation Cathlab from GE Medical Systems—the first of its kind in Asia. At our Sular Multi-Speciality Hospital, we have enhanced diagnostic and critical care capabilities with the addition of a new MRI, Cathlab, and ICU facilities.

Looking ahead, the upcoming Neurosciences cum OPD block will be equipped with some of the most advanced technologies available today, including India’s first AI-powered MRI system from United Imaging, a state-of-the-art Bi-plane Neurovascular Cathlab from Siemens, and a unique hybrid Cathlab that seamlessly integrates a full-fledged CT scanner with a Cathlab unit.

These breakthroughs will enable us to offer highly specialized procedures not currently available anywhere else in the country. Staying true to our core values of ethical, transparent, and affordable healthcare, we are also investing in advanced equipments, which includes endoscopic systems and surgical navigators to ensure our standards remain on par with the best in the world.”

From a strategic perspective, we recognize that sustainable healthcare is no longer a choice, but a necessity. Accordingly, we are adopting green hospital practices, digital documentation, and efficient waste management systems. Our infrastructure planning now fully integrates energy efficiency and environmental responsibility.

As we look ahead, our vision remains clear: to build a healthcare ecosystem that is modern, inclusive, and compassionate. We will continue to invest in clinical research, telemedicine, and AI-driven healthcare solutions, aligning with global trends while staying rooted in community needs.

As global healthcare demand continues to rise—driven by aging populations, rapid advancements in medical technology, and increasing patient expectations—healthcare providers are under mounting pressure to develop cutting-edge hospitals, clinics, and medical campuses within tighter budgets and accelerated timelines.

Constructing healthcare infrastructure presents unique challenges, including stringent regulatory compliance, seamless integration of advanced technologies, and the need for uninterrupted, round-the-clock operations. We are planning to start a new hospital in Chennai. This hospital will be fully equipped to handle all medical needs.

“I extend my heartfelt gratitude to our dedicated doctors, nurses, support staff, and administrative teams. Their unwavering commitment, compassion, and tireless efforts in delivering exceptional patient care continue to be the foundation of our institution’s success. I would also like to sincerely thank our shareholders, partners, and well-wishers for their continued trust, encouragement, and steadfast support on this journey of growth and excellence.”

To conclude, I believe that our strength lies not just in the buildings we construct or the equipment we acquire, but in the values we uphold and the lives we touch. Let us move forward together—with courage, with conviction, and with care—as we redefine healthcare for the future.

Thank you for the trust and confidence reposed in us - we are working hard to remain worthy of it.

Stay Safe and Healthy.

Dr.Nalla G Palaniswami
Managing Director

PARTICULARS REGARDING CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND EXPENDITURE

The particulars regarding conservation of energy, technology absorption and foreign exchange earnings and expenditure stipulated under Section 134(3)(m) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014, are as under:

Energy Conservation

Energy conservation means the efforts made to reduce the consumption of energy by using less of an energy service. Your Company constantly and continuously applies all efforts for optimum utilization of the resources.

Energy consumption is monitored through Energy Management System. Through this system, areas which consume high volume of electricity are monitored and alternate steps are taken to optimize energy utilization.

Other energy conservation techniques that are employed include using equipment with 5 star ratings, use of movement sensors in bathrooms of the patient rooms (i.e., the lights are operated based upon human movement), operating a centralized A/c plant and phasing out tube lights with LED lights.

Your Company adopts the concept of 'Sustainable Development' i.e. meeting the needs of the present without compromising the ability of future generations to meet their own needs. By following this concept, your Company has been operating a 10.25 MW Solar Power Generation Plant which caters to 91% of electricity requirement per annum and through which the Company has been saving 45% on its electricity bills.

Caring for the Environment

Your Company adopts the concept of zero discharge technology, under which an effluent treatment plant had been set up and the sewage water is treated for toxic effluents. The treated water is used for horticulture within the premises. A comprehensive waste management system has been implemented and through this, bio-degradable food wastes are decomposed and biogas is produced for captive consumption in the hospital canteen which in turn results in reduced LPG cost.

All the vehicles that are operated for the Company adhere to pollution control regulations. Periodic maintenance activities are undertaken to comply with prescribed regulations and vehicle efficiency.

Technology Absorption

As part of its ongoing commitment to adopt cutting-edge medical technologies, your company made a significant investment of ₹ 496.00 Lakhs in advanced medical equipment during the year 2024–25. The newly acquired systems enhance diagnostic and therapeutic capabilities across multiple specialities:

Bravos – Brachytherapy Equipment: The Varian Bravos™ HDR Afterloader System offers precise High Dose Rate (HDR) brachytherapy by directly targeting tumors, minimizing damage to healthy tissue. It enables quicker recovery with fewer complications and supports outpatient care.

Hologic Supersonic Premium End Colour Doppler Ultrasound Scanner: This high-end ultrasound system, with UltraFast imaging and ShearWave PLUS elastography, supports advanced diagnostic accuracy in breast, liver, and musculoskeletal imaging. It enables real-time assessment of tissue stiffness and 3D imaging for better clinical decisions.

Intra-Aortic Balloon Pump Hybrid Automatic System: The Cardiosave Hybrid IABP offers temporary circulatory support by synchronizing with the cardiac cycle, improving cardiac output and reducing afterload. It lowers the risk of bleeding and vascular complications while shortening hospital stays.

GETINGE MAQUET HFO Servo-n Upgradable Ventilator: Designed for neonates and pediatric patients, this ventilator delivers personalized respiratory support with NAVA and Edi monitoring. It helps to reduce sedation needs and protects developing organs through multiple ventilation modes including PRVC, NIV, High Flow Therapy, and Nasal CPAP.

These technological additions reflect the Company's continuous drive to improve patient care, clinical outcomes, and operational efficiency through innovation.

Investment in equipment during the year 2024-25 amounts to ₹ 3,358.36 Lakhs.

MANAGEMENT DISCUSSION & ANALYSIS
INDIAN HEALTHCARE – OVERVIEW

India's healthcare sector is one of the largest and most dynamic industries in the country, both in terms of revenue and employment. It comprises a diverse mix of providers, ranging from public and private hospitals to diagnostics, pharmaceuticals, medical devices, insurance, and digital health services. With a strong policy push, technological advancements, and rising demand, India's healthcare system is transitioning from a volume-based model to a value-based, patient-centric ecosystem.

India's healthcare landscape is undergoing rapid transformation, driven by innovation, policy reforms, digitalization, and increasing demand. The industry is expected to continue evolving into a more integrated, technology-driven, and patient-centric ecosystem. At the same time, there is a strategic focus on preventive care and chronic disease management, aiming to reduce the long-term burden on healthcare infrastructure.

With rising healthcare demands and evolving patient expectations, there is a growing emphasis on improving access and affordability especially in Tier 2 and Tier 3 cities, where infrastructure gaps have traditionally limited service availability.

India holds a distinct competitive advantage in the global healthcare landscape, primarily due to its large pool of well-trained, English-speaking medical professionals and a well-established ecosystem of hospitals, diagnostics, and pharmaceuticals. One of the most significant factors contributing to India's global appeal is its cost competitiveness. The cost of medical procedures and surgeries in India is approximately one-tenth of that in the United States or Western Europe, making it an attractive destination for international patients seeking high-quality treatment at affordable prices.

This cost advantage, combined with strong clinical expertise and world-class facilities, has positioned India as a leading hub for medical tourism, drawing patients from Africa, the Middle East, Southeast Asia, and even developed countries. In addition, India has become a favourable location for clinical research and pharmaceutical R&D, driven by the relatively lower cost of conducting clinical trials and access to a large, diverse patient pool.

As these trends converge, India's healthcare ecosystem is evolving into a more agile, data-driven, and patient-focused environment. The integration of digital technologies, growing investment in infrastructure, and supportive government policies are helping lay the foundation for sustainable growth and improved health outcomes, not just domestically but also as a key player in the global health arena.

The Government of India has set an ambitious vision to position the country as a global healthcare hub. To support this goal, it plans to increase public health expenditure to 2.5% of the country's GDP by FY 2025, up from the current level of around 2.1%.

Trends in the Indian Healthcare Sector.
1. Integration of AI and Robotics

Artificial Intelligence (AI) is revolutionizing the Indian healthcare ecosystem by enhancing diagnostics, improving treatment precision, optimizing hospital operations, and enabling equitable access to quality care. In recent years, AI adoption has accelerated due to policy support, growing digital infrastructure, and increasing demand for efficient and affordable healthcare services.

AI-powered tools help in early and accurate disease detection, personalized treatment planning, and predictive analytics to improve patient outcomes. Robotics is increasingly being adopted in surgical procedures, enabling enhanced precision, minimally invasive techniques, and faster recovery times. Additionally, automation in hospital administration streamlines resource allocation, patient flow management, and operational efficiency.

2. Rise of Healthcare Startups

India's healthcare startup ecosystem is flourishing, driven by innovations in AI diagnostics, wearable health devices, remote patient monitoring, and virtual care platforms. These startups are pivotal in bridging gaps in healthcare accessibility and affordability, especially in rural and semi-urban areas. The sector benefits from growing venture capital investments and government initiatives like the Startup India program, which support innovation and rapid scaling.

3. Sustainability and Green Healthcare Initiatives

Sustainability is gaining prominence in healthcare, with providers adopting environmentally responsible practices. These include green building designs, energy-efficient operations, and robust biomedical waste management systems. Hospitals are increasingly integrating sustainable procurement policies and circular economy principles in their supply chains, reducing environmental impact and promoting long-term sectoral resilience.

4. Digital Health and Telemedicine Expansion

Digital health adoption is accelerating across India, enabled by expanding internet access and widespread smartphone usage. The government’s National Digital Health Mission (NDHM) is a cornerstone initiative aiming to build an interoperable digital health ecosystem with electronic health records (EHRs), unique health IDs, and secure data sharing protocols. Telemedicine platforms have become mainstream, offering remote consultations that ease the burden on overcrowded hospitals. Furthermore, AI-driven diagnostic tools and predictive analytics support early disease detection, personalized care, and optimized clinical workflows, enhancing both patient outcomes and healthcare efficiency.

5. Healthcare Infrastructure Expansion in Tier 2 and Tier 3 Cities

Significant investments are underway to expand healthcare infrastructure beyond metropolitan centers to Tier 2 and Tier 3 cities. This includes establishing multi-specialty hospitals, diagnostic centers, and primary healthcare facilities aimed at improving access and quality of care in underserved regions. Such expansion helps to reduce patient loads in urban hospitals and addresses the rural-urban disparity in healthcare availability, ultimately leading to better health outcomes nationwide.

SWOT Analysis

STRENGTH

1. Advanced Medical Technology and Infrastructure

At KMCH, we have Modern diagnostic tools, surgical equipment, and treatment technologies enhance accuracy and patient outcomes. Well-maintained facilities with state-of-the-art infrastructure ensure efficient workflows and improve patient comfort.

2. “Recognition from prestigious body such as NABH (National Accreditation Board for Hospitals) reinforces KMCH’s compliance with stringent quality standards, strengthening its trust and credibility among patients, insurers, and regulatory agencies.”

3. Wide Range of Medical Services and Specialties

KMCH Offers multidisciplinary services under one roof including emergency care, inpatient and outpatient services, diagnostics, and pharmacy provides convenience for patients and fosters cross-referrals within the hospital.

WEAKNESS

1. High Operational Costs

Maintaining advanced medical equipment, skilled personnel, and modern facilities involves significant ongoing expenses, which can strain budgets, especially amid intense market competition.

2. Workforce Shortages and High Staff Turnover

Attracting and retaining qualified healthcare professionals is challenging due to competition, high work pressure and quality of care.

3. Regulatory Challenges

Lack of uniform quality standards across healthcare providers; fragmented regulation of private hospitals and clinics.

OPPORTUNITIES

1. Large and Diverse Market

Second-largest population globally ensures a huge and growing demand for healthcare services. Rapid urbanization and increasing middle class lead to higher healthcare consumption.

2. Partnerships with Insurance Companies and Government Health Schemes

Collaborations with insurers and public health programs such as Ayushman Bharat can increase patient inflow by reducing out-of-pocket expenses and expanding coverage.

3. Adoption of Telemedicine and Digital Health Technologies

Leveraging teleconsultations, remote patient monitoring, and mobile health applications can enhance access to care, particularly in remote areas, while improving operational efficiency.

4. Growing Demand for Specialized and Preventive Healthcare Services

Rising incidence of chronic diseases fuels demand for specialized care (e.g., cardiology, oncology) and preventive health programs focused on early detection and lifestyle management.

THREAT

1. Technology Disruptions and Cybersecurity Risks

Increased reliance on digital systems makes hospitals vulnerable to data breaches, ransomware attacks, and IT failures, potentially compromising patient safety and data confidentiality.

2. Patient Data Privacy Concerns

With digitization comes the critical challenge of safeguarding sensitive health information from unauthorized access, alongside evolving regulatory compliance requirements.

3. Economic Fluctuations Impacting Patient Spending

Economic downturns may reduce patients' willingness or ability to pay for elective procedures, thereby affecting hospital revenues and financial stability.

ABOUT KMCH

Kovai Medical Center and Hospital Limited (KMCH) was incorporated under The Companies Act, 1956 and started its commercial operation in June, 1990 with a capacity of 200 Bed Hospital in the outskirts of Coimbatore.

Nurtured with Indian hospitality and a western mind set, KMCH has grown into a 2,250 bed multi-locational, multi-disciplinary Super specialty hospital, the best and most trusted in Southern India.

Over its more than three-decade journey, the hospital has serviced urban and rural patients from Western Tamil Nadu and parts of Kerala. The Main Center and the Medical College General Hospital is located very proximate to the city airport.

The cornerstones of KMCH legacy are its unstinting focus on clinical excellence, affordable costs, adoption of technology and academics

TECHNOLOGY, INNOVATION AND FACILITIES

KMCH, a leading multispecialty hospital and the pioneer and leader in introducing cutting-edge medical technologies for the benefit of patients, has now joined a select league of hospitals in India to offer indigenously developed CAR-T Cell Therapy for cancer patients.

The innovative therapy that requires significant clinical and technical expertise-available only in a few countries and select hospitals in India-is now available at KMCH Comprehensive Cancer Care Center. The hospital has successfully performed three therapies, the highest in Tamil Nadu.

Kovai Medical Center and Hospital's CAR-T cell program involves collecting and isolating T cells from affected patient's blood, which are then genetically engineered to express CARs on their surface. These receptors are specifically designed to bind to antigens on the surface of cancer cells. Once infused into the patient, these modified T cells multiply, seek out and eradicate cancer cells. CAR-T cell therapy in KMCH is tailored and customized treatment for each individual patient.

KMCH, a leading multi-specialty hospital in South India having comprehensive epilepsy center. The comprehensive epilepsy center has advanced facilities including a 4-bed Video EEG unit, MRI, PET CT, SPECT, and FMRI. It is worth noting that over 60 successful epilepsy surgeries have been performed at this hospital since the COVID period. This center provides specialized treatment with individual attention to epilepsy in children and women.

Social Responsibility and Affordable Health Care:

1. Paediatric Ward: As a responsible corporate citizen, KMCH's passion for a healthy India has enabled it to extend its healthcare services far beyond pure business. KMCH opened a free Paediatric Oncology Ward in KMCH Medical College General Hospital, to cater to the needs of children with cancer, who cannot afford appropriate therapy.
2. Palliative Care Ward: KMCH has opened an affordable palliative care ward, fulfilling a vitally important but previously unmet need in the community.
3. Low Cost Care: KMCH Medical College General Hospital offers outpatient services across multiple specialties, providing affordable healthcare through high-volume, low-cost care.

OPERATIONAL EXCELLENCE

Healthcare

KMCH Performs a Rare Split Liver Transplant Surgery

KMCH Liver center, Coimbatore renowned for its high quality and successful work in management of liver failure and transplantation has gone beyond.

A 17-year-old boy met with road accident and who was declared brain dead. The family generously came forward to donate his organs. To maximise the utility of organs, the liver transplant team of doctors decided to split the liver into two halves and transplant to two different individuals waiting for liver transplant. Usually in such conditions one recipients would be a child. It is very rare to have two liver recipients in adult age group due to complexities involved in the procedure and size mismatch. After evaluating the donor suitability for such an exercise, the expert team split the liver and use it for 2 adults where one recipient is waiting for combined liver and kidney transplantation due to hyperoxaluria and kidney failure another patient with liver cancer and liver cirrhosis.

The procedure was carried out simultaneously and successfully completed by 2 expert teams. Both recipients' liver function was good and fit for discharge after one week. Two months since the transplant both resumed their normal routine activities without any complications.

First Successful Epilepsy Brain Surgery on a Pregnant Woman in India

KMCH, a leading multi-specialty hospital in South India, has achieved a remarkable feat by successfully performing epilepsy brain surgery on a four-month pregnant woman suffering from severe epilepsy – the first such documented case in India. Globally, this is only the second documented surgery of its kind performed on a pregnant woman.

The 31-year-old woman had been suffering from epilepsy since her youth. She also experienced seizures during her first pregnancy. While pregnant for the second time, the severity of her epilepsy increased alarmingly in the fourth month of gestation. She was experiencing 10 to 15 seizures daily, and the medications she was taking were ineffective. This situation posed a severe threat to the mother's life and the development of the fetus.

Subsequently, neurologists at KMCH conducted advanced MRI and Video EEG tests. These tests accurately identified a congenital malformation called 'Focal Cortical Dysplasia' (FCD) in the right side of her brain as the cause of the continuous seizures. It is noteworthy that these tests are completely safe for both the mother and the fetus during pregnancy.

Generally, brain surgeries are avoided during pregnancy and are usually performed after delivery. However, in this patient’s case, the seizures were extremely severe, and medications were ineffective, leading to an immediate danger to the mother’s life and the well-being of the fetus. Therefore, the high-level medical team at KMCH made the courageous decision to perform the surgery during pregnancy itself. A team comprising of epileptologist, epilepsy neurosurgeon, anesthetists, and obstetricians planned this challenging treatment with the full consent of the patient and her family.

Through a delicate surgery lasting several hours, the congenital malformation in the brain causing the seizures was successfully removed. Following the surgery, the patient’s seizures have completely stopped. Currently, two months post-surgery, the woman is six months pregnant and in good health. The unborn child is also developing healthily. The woman remains under the continuous monitoring of the medical team, and the need for anti-epileptic medication will be re-evaluated after delivery.

Medical education

KMCH Institute of Health Sciences and Research (KMCH IHSR), established in 2019 under the aegis of Kovai Medical Centre and Hospital Limited (KMCH), has rapidly emerged as a leading medical college in Tamil Nadu. KMCH is the first corporate hospital in India to start a medical college.

KMCH IHSR proposed to host its landmark 1st Graduation Day ceremony for the MBBS 2019-2025 batch on Saturday, May 31, 2025, at the Dr. N.G.P. Arts & Science College – Auditorium. The event will be marked as a significant milestone for the institution and the graduating cohort of bright medical professionals.

Empowered with a dedicated team of healthcare professionals including doctors, nurses and paramedics, the infrastructure includes 750 general beds including 50 ICU beds, 30 emergency beds and 16 operation theatres with state-of-the-art medical equipment like CT scan, MRI, Cathlab, Ultra Sound and Digital X-Ray etc. The Medical College General Hospital offers 24x7 healthcare services to public.

AWARDS, ACHIEVEMENTS

KMCH Hospital continues to receive numerous accolades, reinforcing its commitment to exemplary patient care and its role as an industry leader. Among its many awards and achievements are:

“Brand Coimbatore Ambassador Award -2025” by The India Chamber of Commerce and Industry, Coimbatore.

“Coimbatore Best Employer Brand Award-2025” by Employer Branding Awards.

Awarded **“Excellence in Hospital Operations (Clinical) Award-2024”** by Association of Healthcare Providers India (AHPI).

KEY FINANCIAL RATIOS

Key Financial Ratios are detailed in Note No.55 of Notes to Financial Statements.

LIQUIDITY

Primary Sources of Funds are Cash Flows generated from Operations as well as Long Term Borrowings, if required. It is expected that internally generated Cash Flows and our proposed drawdown from sanctioned debt will be adequate to service existing debt, fund internal growth and deploy funds for all Capital Expenditure.

RISK MANAGEMENT

In a rapidly changing business environment with dynamic customer requirements, business risks are constantly evolving. As a result, there is significant variation in the emerging risks landscape across businesses. On account of multi-fold increase in scale and the expanded area of operations, your company gets exposed to a wide range of both internal and external risks and uncertainties.

These internal and external factors may affect achievement of the company's objectives – whether they are strategic, operational or financial. Risk management's objective is to assure that uncertainty does not deflect the Company's progress from its envisioned business goals.

The Company Risk Management approach is towards striking a balance between managing risks and capitalising opportunities. Its response to identified risks includes acceptance, avoidance, transfer and mitigation. Greater focus is given towards ring-fencing the organisation from major risks that are likely to have a lasting impact on the Company profitability and sustainability.

CAUTIONARY STATEMENT

Statements in this Management Discussion and Analysis describing the health care sector's objectives, projections, estimates, expectations and predictions contain "forward looking statements" within the meaning of applicable laws and regulations. These statements and forecasts involve risk and uncertainty because they relate to events and depend upon circumstances that may or may not occur in the future. Actual results might differ materially from those either expressed or implied.

CERTIFICATE OF CORPORATE GOVERNANCE

To

The Members of Kovai Medical Center and Hospital Limited
Coimbatore

In pursuance of the provisions of Regulation-E of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the LODR), I have examined the relevant records of Kovai Medical Center and Hospital Limited, CIN: L85110TZ1985PLC001659 (the Company) for the purpose of certifying the compliance of conditions of Corporate Governance stipulated in Chapter IV of the LODR for the year ended on 31st March, 2025.

Compliance of conditions of Corporate Governance is the responsibility of the management. My examination was limited to review of the procedures and implementation thereof adopted by the Company for ensuring the compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me and the representations made by the Management, I certify that the Company had complied with the conditions of Corporate Governance as per Chapter IV of the LODR for the period from 01st April, 2024 to 31st March, 2025.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR’S REPORT

To the Members of Kovai Medical Center and Hospital Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Kovai Medical Center and Hospital Limited** (“the Company”), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as “Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards (“Ind AS”), of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements of the current period. This matter was addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the Matter described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter(s)
<p>The Company has created provision for capital expenditure for ongoing civil projects amounting to ₹ 1,271.92 Lakhs as at 31-03-2025.</p> <p>The assessment of whether such costs are appropriately capitalized involves significant management judgement and estimation, especially in relation to:</p> <ul style="list-style-type: none"> • Completion status and stage of projects. • Provision made for project-related costs without actual supporting invoices or bills based on project engineer’s estimates at year-end. <p>Due to the magnitude of the balance and the level of judgement involved, we considered this a key audit matter.</p>	<p>Our audit procedures include the following:</p> <ul style="list-style-type: none"> • We assessed the reasonableness of year-end provisions recorded without actual bills by reviewing the basis of estimation and contracts. • We relied upon the management’s evaluation of the progress of the projects through discussion with project engineers and review of status reports.

Information other than the Financial Statements and Auditor’s report thereon

The Company’s Management and the Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the annual report, for example Directors’ report and Management analysis including annexures thereon, but does not include the Financial Statements and our auditor’s report thereon.

The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, as stated above, which is expected to be received after the date of our audit report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under applicable laws and regulations.

Management's and Board of Directors Responsibilities for the Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, statement of changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and the Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and the Board of Directors.
- Conclude on the appropriateness of the Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) evaluating the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- A. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order.
1. (A) As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account;
 - d. In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under section 133 of the Act read with relevant rules issued thereunder;

- e. On the basis of the written representations received from the directors as on March 31, 2025, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of section 164(2) of the Act;
- f. With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, we give our separate report in "Annexure 2".
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2021, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as on March 31, 2025 on its financial position in its Financial Statements – Refer Note no. 44 on Contingent Liabilities and to the Financial Statements;

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Kovai Medical Center and Hospital Limited on the financial statement for the year ended March 31, 2025]

In our opinion and to the best of knowledge and belief, the books of accounts and records examined by us and according to the information and explanations given to us, we report that,

(i) (a)

(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of Intangible assets.

(b) The Company has a regular program of verification of property, plant and equipment, by which all the property, plant and equipment are verified in a phased manner over a period of three years. This periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such physical verification.

(c) The title deeds of all the immovable properties, recorded as property, plant and equipment (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) are held in the name of the Company except for the following:

Description of immovable properties	Gross Carrying Value As at 31-03-2025 (₹ in lakhs)	Held in the Name of	Whether promoter, director or their relative or employee	Period held (Indicate Range wherever appropriate)	Reason for not being held in name of Company
Land	5,490.00	The Karur Vysya Bank Limited	No	2 Years 6 Months	The property was purchased through an auction conducted by the bank. The registration formalities of the property is pending due to claim of stamp duty by the Sub-Registrar, Suler, Coimbatore, which was contested before Madras High Court. An order of the Madras High Court rendered by a single judge in favour of the company has been challenged by the Government of Tamilnadu before a divisional bench of the Madras High Court. The matter is sub-judice.

ROU – Leasehold Land	14.21	1 No. of case	No	2 Year 2 Months	Registration of Lease Agreement is Pending

- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) There were no proceedings initiated or pending against the Company for holding any benami property under Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the management at reasonable intervals. The coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies were noticed on physical verification between the physical stock and the book records that were 10% or more in the aggregate for each class of inventory.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks or financial institutions on the basis of security of current assets. As per specific terms of working capital sanction, the company is not required to file any current assets statement with the bank. Hence, reporting on the quarterly returns or statements filed by the Company with such banks or financial institutions is not applicable.
- (iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.
- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013, as applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) In respect of statutory dues:
- (a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities though there has been a delay in respect of remittance of tax deducted at source, though the delay in deposit has not been serious.

- (b) There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.
- (c) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of Statute	Nature of dues	Gross Amount (₹ Lakhs)	Period to which the amount relates	Forum where dispute is pending	Remarks/Amount paid under protest
Customs Act, 1962	Customs Duty	189.46	1999-2000 & 2000-2001	Madras High Court , Chennai	-
Employee Provident Fund Act, 1952	Provident Fund	337.71	2016-19	The Central Government Industrial, Tribunal-cum-Labour Court, Chennai	₹ 168.85 Lakhs
Income Tax Act, 1961	Income Tax - TDS	487.82	2015-16	Commissioner of Income Tax (National Faceless Appeals Center), Delhi	₹ 97.59 Lakhs
Income Tax Act, 1961	Income Tax - TDS	87.55	2016-17	Commissioner of Income Tax (National Faceless Appeals Center), Delhi	₹ 17.42 Lakhs

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix)(a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilized term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) & (f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi)(a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year. No fraud by the Company has been noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

- (c) There were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) The Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statement etc. as required by the applicable accounting standards.
- (xiv)(a) The Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the draft internal audit reports issued to the Company during the year and covering the period April 2024 to March 2025.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence, reporting under clause (xv) of the Order is not applicable.
- (xvi)(a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a) and (b) of the Order is not applicable.
- (b) The Company is not a Core Investment Company as defined in the regulation made by RBI and hence reporting under clause (xvi)(c) of the Order is not applicable
- (c) The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, (Asset Liability Maturity (ALM) pattern) other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In respect of ongoing projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount, to a Special account within a period of 30 days from the end of the financial year in compliance with the provision of section 135(6) of the Act.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Kovai Medical Center and Hospital Limited on the audit of financial statements for the year ended March 31, 2025]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Kovai Medical Center and Hospital Limited** ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial

reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ACCOUNTING POLICIES AND NOTES
Notes to the Financial Statements for the year ended 31st March, 2025
Note 1
A. CORPORATE INFORMATION

Kovai Medical Center and Hospital Limited (“the Company”) is a Public Company incorporated in the year 1985 and commenced its hospital operation in the year 1990 with the flagship of Multi-Speciality Hospital at Coimbatore and has thereafter set up the satellite centers at Coimbatore (in the name of City center, Sular Hospital and Kovilpalayam Hospital) and Erode (in the name of Erode Speciality Hospital).

The Company started MBBS Educational activities with the commencement of Medical College in the year 2019-20 with the title of KMCH Institute of Health Sciences & Research as per the norms prescribed by Government of India. A Medical college can be established only with the establishment of a Medical College Hospital.

The company’s equity shares are listed in Bombay Stock Exchange (BSE).

B. MATERIAL ACCOUNTING POLICIES
I. General Information and Statement of compliance

These Financial Statements (‘Financial Statements’) of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs (‘MCA’) under Section 133 of the Companies Act, 2013 (‘the Act’) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented.

The Company’s Financial Statements were authorized for issue as per the resolution of the Board of Directors dated 28th May, 2025.

II. Basis of Preparation and Presentation

The Financial Statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. The presentation of financial statement is based on Ind AS Schedule III of the Companies Act, 2013.

The Financial Statements have been prepared & presented on the historical convention and on accrual basis, except for the following material items in the Balance Sheet:

Financial assets are measured either at fair value or at amortised cost depending on their classification;

Employee defined benefit assets/ liabilities are recognised as the net total of fair value of plan assets, adjusted for actuarial gains/losses and the present value of defined benefit obligations;

Long term borrowings are measured at amortised cost using the effective interest rate method;

Assets held for sale are measured at fair value less cost to sell.

Right -of - use of assets are recognised at the present value of lease payments that are not paid on that date. This amount is adjusted for any lease payment made at or before the commencement of the lease and initial direct cost incurred, if any.

The Company’s Financial Statements are reported in Indian Rupees which is also the company’s functional currency.

III. Revenue Recognition
a) Revenue from Healthcare Services

Revenue from Healthcare services includes revenue generated from inpatient and outpatient hospital services. These services comprise of physical examination, consultancy, treatments, surgeries, tests, clinical examination and other fees such as room and accommodation charges, nursing care, dietary, use of medical equipment and supply of pharmaceutical and related products. Revenue for these services are recognised (net off discretionary allowances, discount, and concession) at the transaction price when each performance obligation is satisfied at a point in time when the inpatient / outpatient has actually received the service except for few specific services where the performance obligation is satisfied over a period of time.

Unbilled revenue is recorded for the service where the patients are not discharged and invoice is yet to be raised for the service rendered.

b) Sale of Goods

Revenue from dietary / pharmacy sales, where the performance obligation is satisfied at a point of time, is recognized when the control of goods is transferred to the customer.

c) Revenue from Educational Courses

Revenue from Course Fee is recognized on a straight-line basis to match with the entity's efforts / inputs that are expended evenly throughout the performance period. Other related revenues such as registration fee, course material fee are recognized as revenue when the performance obligation is satisfied at a point of time which generally coincides with the commencement of academic period.

d) Income from Sponsorships

Revenue from sponsorship is recognized when the amount of revenue and the cost incurred / together with the cost to be incurred to complete the transaction can be reliably measured with reference to the stage of completion of the transaction at the end of the reporting period.

e) Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis taking into account the amount outstanding at the effective interest rate applicable, which is the rate that exactly discount estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

f) Rental Income

The Company's policy for recognition of revenue from operating leases is described in Note IV (b) below.

IV. Leases
a) The Company as a Lessee:

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a Right-of-Use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e; the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as cash flows from financing activity.

b) The Company as a Lessor:

Leases for which the company is a lessor is classified as a finance or operating lease. Wherever the terms of the lease transfers substantially all the risks and ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating lease.

Rental income from operating leases is generally recognized on a straight line basis over the term of the lease. Where the rentals are structured solely to increase in line with expected inflation, such increases are recognised in the year in which such benefits accrue.

V. Accounting policy for segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker, who is responsible for allocating resources and assessing performance of the operating segments. Based on the above assessment, the Company has determined that its business comprises of Healthcare services and Educational services.

VI. Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

All the other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

VII. Employee benefits
(a) Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

Liabilities with regard to the Gratuity plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. Re-measurement comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains/losses on curtailments and settlements);
- Net interest expense or income; and
- Re-measurement.

The Company presents the first two components of defined benefit costs in the Statement of Profit and Loss in the line item 'Employee benefits expense'.

The retirement benefit obligation recognized in the Balance Sheet represents the actual deficit or surplus in the Company's defined plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

(b) Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries and annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liability recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

VIII. Taxation

Income tax expense comprises current tax and the net change in the deferred tax asset or liability during the year.

(a) Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961, and based on the expected outcome of assessments/appeals.

(b) Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profits. These are quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax assets are recognized and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exist to set off current tax assets against current tax liabilities and deferred tax assets/deferred tax liabilities relate to same taxable entity and same taxation authority.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recognized.

(c) Current and Deferred Tax for the year

The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in other comprehensive income / equity and not in the Statement of Profit and Loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

IX. Property, Plant and Equipment

Property, Plant and Equipment (PPE) being fixed assets are tangible items held for use or for administrative purposes and are measured at cost less accumulated depreciation and any accumulated impairment. Cost comprises of the purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates and any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Management. Financing costs relating to acquisition of assets which take substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use. Items of stores and spares that meet the definition of PPE are capitalized at cost and depreciated over its useful life.

The Carrying amount of an item of PPE is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de- recognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Depreciation on Property, Plant and Equipment (PPE) are provided under straight line method as per the useful lives and manner prescribed under Schedule II to the Companies Act, 2013, except for building and medical equipments which are depreciated over the useful life as estimated by the management.

Improvements to lease hold buildings are depreciated over the shorter of lease term and their useful lives.

The management believes that the useful life adopted reflect the expected pattern of consumption of future economic benefits.

Particulars	Management's estimate of Useful life (No. of years)	Useful life as per schedule II (No. of Years)
1. Buildings		
Buildings (RCC frame structure)	20	60
Buildings (Other than RCC frame Structure)	20	30
Improvement to Leasehold Buildings	Useful life or lease term whichever is lower	-
Fences, wells, tube wells and Roads	5	5
Others (including temporary structure, etc.)	3	3
2. Plant & Equipment		
Medical and Surgical Equipment	1 to 10	13/15
Plant & Machinery	10 to 15	10 to 15
Solar power plant	25	25
3. Electrical Installations and Equipment	10	10
4. Furniture and fittings	10/8	10/8
5. Office Equipment	5	5
6. Computers and data processing units.		
Servers and networks	6	6
End user devices, such as, desktops, laptops, etc	3	3

Particulars	Management's estimate of Useful life (No. of years)	Useful life as per schedule II (No. of Years)
7. Motor Vehicles		
Motor cycles, scooters and other mopeds	10	10
Motor buses, motor lorries, motor cars and motor taxis other than those used in a business of running them on hire	8	8

Where the cost of a part of the PPE is significant to the total cost of the PPE and if that part of the PPE has a different useful life than the main PPE, the useful life of that part is determined separately for depreciation.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The depreciation method applied to an asset is reviewed at each financial year-end and if there has been a significant change in the expected pattern of consumption of future economic benefits embodied in the asset, depreciation is charged to reflect the changed pattern.

X. Intangible Assets

Intangible assets are recognised only if it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Computer software licenses are capitalised on the basis of costs incurred to acquire and bring to use the specific software. Operating software is capitalised and amortised along with the related fixed asset. Other software is amortised, on a straight-line method, over a period of three years based on management's assessment of useful life.

Useful lives of intangible assets

Class of assets	Years
Software	3 years

XI. Inventories

Inventories are valued at lower of cost and estimated net realizable value. Cost is arrived at on First-in-First Out (FIFO) basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated costs necessary to make the inventory saleable.

XII. Provisions

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value unless otherwise required by the standard and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

XIII. Financial instruments:

a) Financial assets

Initial recognition and measurement

All financial assets are initially recognized at fair value. For financial assets not recorded at fair value through profit or loss, transaction costs attributable to the acquisition are added. However, trade receivables that do not contain a significant financing component are measured at the transaction price.

Equity investments (other than investments in subsidiaries and joint ventures):

All equity investments within the scope of Ind AS 109, 'Financial Instruments', are measured at fair value either through Statement of Profit and Loss or other comprehensive income. Company makes an irrevocable election to present in OCI the subsequent changes in the fair value on an instrument-by-instrument basis. The classification is made on initial recognition.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, impairment gains or losses and foreign exchange gains and losses, are recognized in the OCI. Any gains or losses on de-recognition is recognized in the OCI and are not recycled to the statement of profit or loss.

b) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and transaction cost (if any) that is attributable to the acquisition of the financial liabilities is also adjusted.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

i) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

ii) Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

XIV. Fair value measurement:

The Company measures financial instruments at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level Input that is significant to the fair value measurement as a whole) at the end of each reporting period.

XV. Cash and cash equivalents:

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Significant accounting Judgements, Estimates and Assumptions:

The preparation of Financial Statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies:

a) Useful lives of depreciable assets:

Management reviews the useful lives of depreciable assets at each reporting period. As at year end, the management assessed that the useful lives represent the expected utility of the assets to the Company. Such lives are dependent upon an assessment of both the technical lives of the asset and also their economic lives based on various internal and external factors including efficiency and operating costs. Accordingly, depreciation lives are reviewed annually using the best information available to the management.

b) Provision and contingent liability:

Provisions and liabilities are recognised in the period when it becomes probable that there will be future outflows of funds from past events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

On an ongoing basis, the Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in Financial Statements. Loss contingencies that are considered possible are not provided for but disclosed as contingent liabilities in the Financial Statements. Contingencies, the likelihood of which is remote, are not disclosed in the Financial Statements.

c) Leases:

Significant judgements are required in the assumptions made in order to determine the ROU asset and lease liability. The assumptions and estimates include application of practical expedients, selection of accounting policy choices, assessment of lease term, determination of applicable incremental borrowing rate, among others.

Note 40 - Employee Benefits
(a) Defined contribution plans :

The Company makes contributions towards provident fund as a defined contribution retirement benefit fund for qualifying employees. The provident fund is operated by the regional provident fund commissioner. Under the scheme, the Company is required to contribute a specific percentage of the payroll cost as per the statute.

The total expenses recognized in the Statement of Profit and Loss of ₹ 1,087.69 lakhs (for the year ended March 31, 2024: ₹ 978.110) represents contributions payable to the plan by the Company.

(b) Defined benefit plans :
i) Gratuity

The company operates a defined benefit plan for payment of post-employment benefits in the form of Gratuity. Benefits under the plan are based on pay and years of service and are vested on completion of five years of service, as provided for in the Payment of Gratuity Act, 1972. The terms of benefits are generally common for all the employees of the company.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, salary risk and longevity risk.

Investment Risk:	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Interest risk:	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
Salary risk:	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
Longevity risk:	The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(a) The principal assumptions used for the purposes of the actuarial valuations were as follows: ₹ in Lakhs

Note 41 - Financial instruments
(a) Capital Management

The Company manages its capital with the objective to maximize the return to stakeholders through the optimisation of the debt and equity mix. The Company's overall strategy remains unchanged from previous year.

The funding requirements are met through a mixture of equity, internal fund generation and other non-current borrowings. The Company's policy is to use current and non-current borrowings to meet anticipated funding requirements.

The Company monitors capital on the basis of the gearing ratio which is net debt divided by total capital (equity plus net debt). Net debts are non-current and current debts as reduced by cash and cash equivalents, other bank balances and current investments. Equity comprises all components including other comprehensive income.

The following table summarizes the capital structure and gearing ratio of the Company:

(ii) Fair Value Hierarchy

The Company has classified its financial instruments into three levels in order to provide an indication about the reliability of the inputs used in determining fair values.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, loans, other financial assets, borrowings, trade payables and other current financial liabilities are a reasonable approximation of their fair values. Accordingly, the fair values of such financial assets and financial liabilities have not been disclosed separately.

iii) Valuation technique used to determine fair value

The fair value of the financial assets and liabilities are at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, loans, other financial assets, borrowings, trade payables and other current financial liabilities are a reasonable approximation of their fair values.

The investment included in Level 3 hierarchy have been valued at cost approach to arrive at the fair values as there is a wide range of possible fair value measurement and the cost represents estimate of fair value within that range considering the purpose and restriction on the transferability of the instruments.

The estimated fair value amounts as at March 31, 2025 have been measured as at that date. As such, the fair values of these financial instruments subsequent to reporting date may be different than the amounts reported at each year-end.

There were no transfers between Level 1, Level 2 and Level 3 during the year.

c) Financial Risk Management

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance. These include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the Financial Statements.

Risk	Exposure arising from	Measurement
Credit risk	Cash and cash equivalents, investments, trade receivables, financial assets measured at amortised cost.	Ageing analysis, Credit Ratings
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts
Market risk Interest rate risk	Long-term borrowings at variable rates	Cash flow forecasting, Sensitivity analysis

(i) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

Credit risk management

Credit risk rating

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A. Low credit risk

B. Moderate credit risk

C. High credit risk

Assets Group	Description of category	Particulars	Provision for expected credit loss
Low credit risk	Assets where the counter- party has strong capacity to meet the obligations and where the risk of default is negligible or nil	Cash and cash equivalents, other bank balances, investments, loans, trade receivables and other financial assets.	12 month expected credit loss/life time expected credit loss
Moderate credit risk	Assets where the probability of default is considered moderate, counter-party where the capacity to meet the obligations is not strong.	Nil	12 month expected credit loss/life time expected credit loss.
High credit risk	Assets where there is a high probability of default.	Nil	12 month expected credit loss/ life time expected credit loss/fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counterparty fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Any subsequent recoveries made are recognized in Statement of Profit and Loss.

Classification of Financial assets among risk categories:

₹ in Lakhs

Credit rating	Particulars	31.03.2025	31.03.2024
Low credit risk	Cash and cash equivalents, others bank balances, investments, loans, trade receivables and other financial assets	32,673.69	24,668.03
Moderate credit risk	Nil	-	-
High credit risk	Nil	-	-

Expected credit loss for trade receivables

In the case of revenue from Hospital services, the company receives payment for services rendered either before or during the course of the treatment except in respect of Insurance Companies, Corporate customers, Public Sector Undertakings, State/Central Governments which are agreed upon prior to the discharge of the patient. In respect of revenue from Education services, the fee towards course and other services are generally received in advance.

The Company establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on historical credit loss experience and is adjusted for forward looking information considering reasonable and supportable information that is available without undue cost or effort as at the reporting date. The maximum exposure to credit risk as at reporting date is primarily from trade receivables amounting to INR 56.85 Lakhs (March 31, 2024 : 23.51 lakhs). Refer Note 11 (refer the ECL movement Note)

(ii) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring Balance Sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.
